

ECHOES FROM THE LODGE ROOMS

Grangers Interested in New London County Pomona Meeting at Franklin on Tuesday—Interesting Programme Has Been Arranged—Griswold Camp Will Have Strong Rifle Team in Shoot at Outing—Hibernians Going to New London Convention Next Week.

SONS OF HERMANN.

Germania lodge, No. 11, is having a quiet summer, its regular meetings being held as usual but without other than routine business. Plans were being thought up for a clambake and outing but at the present time this project has been abandoned. The lodge however, is in a most satisfactory state financially and there are a number of candidates to be taken in when the sons of Hermann begin their busy season in the fall.

ROYAL ARCANUM.

Thames council, No. 1831 held its regular meeting in Foresters' hall on Wednesday evening and had the honor of a visit from District Grand Regent, G. M. Gonnella who spoke on the good of the order. Otherwise only routine business was transacted.

UNITED SPANISH WAR VETERANS

R. S. Griswold command at its regular meeting Wednesday night had a big attendance due largely to the interest that is being taken in the field day, the plans for which have been previously announced. The sheet is the feature that many of the comrades are focusing their attention upon and there will be keen competition for the handsome loving cup that is to be offered by the rifle teams from Williams, New London and Norwich. There are some excellent marksmen in each of these commands but the Norwich delegation is going down to Montville on Sunday resolved on a record in the shooting line. And if they can't win out in the rifle work, there's the baseball game with New London to fall back upon.

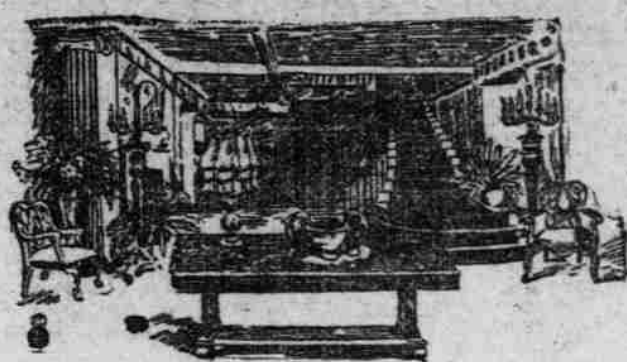

PATRONS OF HUSBANDRY.

New London County Pomona grange, No. 6 will have its field meeting on Tuesday with Franklin grange, on the Congregational church lawn. The forenoon will be devoted to a social time, with perhaps a ball game and other sports. Dinner will be served by the

entertaining grange at the exceptionally low price of 15 cents. The afternoon will be devoted to speakers from the Connecticut state grange, including State Master Sherwood, Overseer Charles M. Davis, Lecturer P. C. Blakeman, Chaplain J. H. Hoyt, also Mr. Bryant of Boston, representative of the international peace commission, Joseph Peckham, and master of the Rhode Island state grange. There will be music and other numbers as time permits. An effort is being made to make this the best field meeting of the county Pomona. The place of meeting is one-fourth mile from the Franklin Central Vermont station.

WOMAN'S RELIEF CORPS.

Sedgwick Woman's Relief corps, No. 16, assembled for their regular meeting Friday afternoon, Aug. 14, at the Buckingham Memorial, with its president, Maud E. Baker, in the chair. The regular business was transacted. General orders, No. 11, were read, speaking of the national convention which is to be held at Detroit Sept. 1 to 3. Also department general orders, No. 3, were read, speaking of the inspection of the corps to be held Friday afternoon, Sept. 25. The patriotic instructor read a sketch entitled The Fence Around the Farm. Mrs. Peale gave a recitation entitled Not Understood. The corps closed in the usual form.

NEW ENGLAND ORDER OF PROTECTION.

Norwich lodge, No. 248, of Neopians held its stated meeting with regular order of business on Monday evening, and then after this was disposed of the entertainment committee served ice cream, and a pleasant social time was enjoyed. During the heated season the three lodges in this city are confining themselves to routine business, but while so doing are anticipating a busy and active time starting with the fall months.

HIBERNIANS.

The interest of the Hibernians of Connecticut centers now upon the state convention to be held in New London, starting next Tuesday morning, and nowhere is the interest in that important gathering greater than with the members of the two Norwich divisions. County President James J. Finnegan of this city will naturally take an important part in the two days' proceedings and the regular delegates are Michael J. Dwyer, Edward A. Pratt and M. J. Malone from division No. 1, and Frank J. Murtha, James J. Dutton and John E. Reddy of division No. 2. These with a number of other Norwich Hibernians who are planning to attend the sessions will leave for the convention city on Tuesday morning.

D. OF P.

Sebequoeh council, No. 11, held their regular meeting in Foresters' hall on Monday evening with a large attendance.

ROYAL NEIGHBORS.

Dow camp, No. 7137, met Thursday

evening in their hall, Bill block, with a large number of members present. Plans were talked over for a course of entertainments during the coming fall and winter months. One candidate

was admitted and five applications received. District Deputy Jennie Holt, will probably be present at the meeting in September.

At Grangers' Outing. Mr. and Mrs. Everett Rogers, Charles Rogers, Miss Thomas, Mrs. Anthony Jacobson, and daughter, Doris, were among the grangers from this part of the town who were at Atlantic beach Thursday.

Blue Heron.

A blue heron was seen flying across the Yantic river near Wauwecus road this week. Water birds are daily flying in the morning to their feeding places, returning towards night.

Rev. Geo. A. Biddle Will Speak. Rev. E. George Biddle, pastor of the McKinley Avenue A. M. E. Zion church will preach at Scotland Road hall on Sunday afternoon.

Jewett City Pastor to Preach. Rev. William Gane of the Jewett City Congregational church will preach Sunday morning at the First Congregational church.

A Blow at New England. Six hundred thousand! That is the number of men and women in New England interested directly in the affairs of the New York, New Haven and Hartford Railroad Company, the railroad that has been singled out for persecution under the guise of prosecution.

Taking 28 cities and towns in Connecticut, Massachusetts and Rhode Island the official figures show that there was expended by the New Haven Railroad Company during the nine years ending June 30, 1912, a total of

\$142,456,651 for salaries and wages in these communities.

In this list there are 14 towns and cities in Connecticut that have received a total of \$76,067,124.80; 18 in Massachusetts with a total of \$44,066,669.49; and four in Rhode Island with a total of \$22,931,877.50. There can be no dispute as to just what the above figures mean to New England and her prosperity. The New Haven Railroad is undoubtedly the largest employer of labor in the northeastern section of the country and it pays more for labor than any other enterprise.—From Leslie's.

Undesirable Citizens.

There is quite a lot of people in Canada, brought in from southeastern Europe by the Laurier government at considerable public expense, who are of no value in this country, but rather a public burden. It is just possible that since the outbreak of war in the Balkans, such people might be of some use there, that if they returned home now they would be welcome; and if that is the case, they should embrace the opportunity, and the government might be doing a valuable public service in assisting them to do so. That is the kind of people who go to swell the ranks of the unemployed in this for their presence in this country the late government is largely responsible; and instead of the Laurier organs trying to make campaign material out of their presence and improvidence here, they ought to be

apologizing for it. But these people might be useful in their old homes, and if so it might be quite proper to help them to get there.—Halifax Herald.

An Iceless Refrigerator.

Because no ice refrigerator is cold enough, according to the experts, to prevent decay of perishable foods, the iceless domestic refrigerators are doing away with the ice-man. This new machine, which has been placed on the market, operates with an electric motor and the well known ammonia system of refrigeration. The average cost a month for electric current is about two dollars and the various spaces in the refrigerator are kept at a temperature of from twenty degrees up. The average ice box in hot weather keeps its compartments at a temperature of from 35 to 45 degrees, but it has been shown that fruits should be kept at a temperature at least 20 degrees lower. Fish and oysters should have a temperature of from 20 to 30 degrees and meats from 25 to 28. It has been shown that butter keeps best at about 18 degrees.

Appetizing

THE "before meals" beverage must not be sweet or it diminishes the appetite for wholesome food. It should not be too heavy for the

same reason. Neither should it be unduly stimulating. Pure Beer is the ideal appetizer. The slight tang of hops gently stimulates the gastric juices. The malt content is nourishing—yet not sufficiently so to discourage the desire for solid food. The liquid is cleansing. The alcohol a mere trifle.
